Burnis:  
Thanks for the material at Seguin. Tried to see you in the crowd but missed. The Owls did their best, but those Rosebuds had to many thorns to pick. I was proud of the way

the Owls kept slugging away with only seconds to go. The band looked great, too.

## Medina County Agent's notes

Many Medina County Livestock producers are in the process of deciding what kind of supplement to feed their cattle this winter.

According to Glenn Bragg, County Agricultural Agent, feeds supplying low cost protein and low cost energy are of real economic concern

in supplemental cattle feeding.

Some proteins sources may cost more per hundred pounds, but they are less expensive when the cost per pound of digestible protein is calculated.

For example, the present cost of cottonseed meal is \$4.40 per hundred and the cost of soybean meal is \$5.20 per hundred. The crude protein of cottonseed meal is 41 percent while 32.5 percent is digestible. On the other hand soybean meal is 44 per-

cent crude protein while 43 percent is digestible.

If a producer feeds cottonseed meal as his source of protein, he is paying 13.5 cents for a pound of digestible protein. If he feeds soybean meal, he is paying 12.1 cents for a pound of protein.

Producers should determine the cost per pound of protein in whatever supplement he is considering and feed the cheapest source.

In most commercial mixes digestible protein is not available. In this case the cost per pound of crude protein should be used in selecting a supplement.

There is an extension publication L-916 "Supplemental Feeding of Beef Cattle" available in the County Extension Office that gives the protein contents, both crude and digestible of various feeding materials.

## LOST AND FOUND

. . . items sure were plentiful after the game in Seguin last Friday. We have a wind-breaker in the Anvil Herald office; Mrs. Granville Knowles says her son found a Medina Valley ring which she has; and Mrs. Chuck Hackebell found a man's glove. So, if you read this--claim them now.

## TEST OF A NATIVE

. . . was given to Andy Patterson by the Hondo Chamber of Commerce committee selecting the Outstanding Citizen. Or it would seem so by the remarks Chuck Hackebell made when making the award presentation.

Alluding to the well-known fact that in most small towns one is not considered a native until he can prove some 25 to 30 years residency, Hackebell said about Andy:

"Like myself, he is not native to the community, having arrived on the scene in the middle fifties; however, through patient, hard work and mastering the language, 'I tink maybe pretty soon already yet he will qualify as nearly native.' "

## ONE AWARD

. . . we failed to run in last week's issue was the Soil Conservation Award given to Alfred Wiemers. That oversight is being corrected this week, Mr. Wiemers. The editor finally got all his pictures sorted out.

## ANOTHER MISTAKE

. . . that turned my face red was in a front page story about E. J. Chapa opening a new location.

This error proves how much influence one's children have on the mind. Mrs. Chapa's name is Hilda. Their daughter is Norma Jean, and is a good friend of our two. So around the house I hear Norma mentioned a lot.

Thus, when I wrote the story the name that came out was the name I hear most, and that proved to be the wrong one. So, Mrs. Chapa and Norma, I've switched your names back to the right person.

## A NEW SUBSCRIBER

. . . is Mr. John T. Deckert of San Antonio. The 89-year-old former resident of this area told his daughter, Mrs. E. B. Walters of Uvalde, he wanted to read the Anvil Herald. So her husband dropped by to oblige him, and we added another subscriber to our growing list.

## Do You Really Get A Bargain?

When your neighbor drives up in that expensive new car and tells you he got a "steal" out of town, have you ever thought what that car cost you? Yes, we are always pleased to see someone make a good deal, but when someone buys a car, appliance, or any "bargain" item from an out-of-town store, we all lose a little.

How do we figure this? Well, who pays the lion's share of taxes in our community after the oil industry and utility companies? — it is your local merchants, of course. The nice store, air-conditioned for your comfort, the parking area, all add up in taxable improvements. These taxes pay for your schools, your city and your county governments.

Every dollar which is given to a merchant in another area has a part which ends up paying the taxes in that area. If enough money is spent in that area, it is conceivable that they might even get a tax cut — a rare thing today. But what about the folks back home?

When our people trade away from home and their dollars leave this area never to return, our business community cannot improve. Buildings and equipment depreciate and this downward trend shows up on the tax rolls. Then who must make up the difference? Why is there re-evaluation of taxable property? Because values change. If our people are spending money away from home, they change for the worse. If a merchant is successful and adds to or improves his business, the tax valuation rises.

So when you go shopping in the city, think — did you look at home first? Are you really saving that \$1.98 when you drove sixty or more miles one way to shop? What if your purchase requires maintenance? Can you call on good old Joe to send his men out to service your new appliance, even though you didn't trade with him originally? Will he still be in business here?

If you have been ill-treated in a store, did you tell the manager? If you find prices out of line, have you written the company and told them where the price was more reasonable (for the same brand or manufacturer's numbered item)?

Many times one finds a cheaper article but it is not the same quality. When you compare price, be sure you are comparing comparable items. If size or color or other facts make shopping in Beeville impossible, then you have an excuse to order elsewhere, but give yourself and your neighbors a break and try to find your needs in Beeville first. If we did, quantity buying could lower prices!

### Septic tanks

sewage installations outside the Edwards area and one must establish a system of enforcement," Dr. Duty pointed out. "But with all the federal building areas with their own rules, which regulations do we follow?"

"The State act," Carter said. The Board order calls for a percolation test on each septic tank installation. This is the responsibility of the owner or developer. Then they must contact the County Health Unit for inspection.

Dr. Duty told the Commissioners, "We must have some standardized system to enforce these laws. Right now we are keeping up, but with one sanitarian, who does many other tasks such as inspecting beer taverns, cafes, etc., we cannot handle the load if this reaches any magnitude."

Carter pointed out that cities of more than 5,000 population are presently authorized to establish a specific department to enforce sanitation requirements within the city. At the present time the City of Hondo has no such specific department.

Carter also said the time is coming when there will be a state-wide standardized septic tank regulation.

He also pointed out the law is enforceable to the tune of \$1,000 per day for violations of its requirements. "And the State holds the

Counties responsible for this enforcement," he added.

Commissioners and Judge Jerome Decker wanted to know if the state provided any funds for inspection and enforcement of the regulations, to which Carter had a brief answer, "No."

Judge Decker told the Court and Carter, "We certainly don't want to be a party to polluting the Edwards Underground Reservoir. And right now with Dr. Duty's assurance we are adequately protecting this area. But if building in the area increases, we must be prepared to do whatever is necessary to control it."

He also asked the Court's opinion on what to do with any possible violators. Commissioner Ira Barron said, "We will have to file on them, or tear up our ordinance."

The Court has County Attorney Frank Vance checking the ordinance, which also requires sub-division developers to file plats of such sub-divisions with county and agree to do certain things on streets, drainage and sewage disposal.

## Sherry SoRelle, Stephen Jones exchange wedding vows

Sherry Yevonne SoRelle and Stephen Lee Jones exchanged wedding vows in a double-ring ceremony at the home of the bride's parents, Mr. and Mrs. W. F. Edwards, at 104 Shore Drive in Portland on November 24, 1971, at 7 p.m.

The groom is the son of Mr. and Mrs. Ralph J. Jones of 1102 29th St., Hondo.

The bride, given in marriage by her father, wore an empire-style floor-length gown of dotted Swiss organza with full puff sleeves. Lavender ribbon trimmed the gown with tiny lavender flowers accenting the waist. The back of the gown consisted of a chapel-length train also trimmed in lavender. She carried a nosegay of lavender and white flowers held by a crown of white lace, lavender organza and tiny lavender flowers.

Miss Peggy Edwards of Portland, the bride's sister, was her maid of honor. Bridesmaids were Miss Ann Gay Jones of Hondo, sister of the groom, and Mrs. Vickie Griffin of Portland.

The attendants' gowns were floor-length lavender dotted Swiss with puffed sleeves, ruffles along the scoop neckline and the bottom and trimmed at the empire waist with white lace and tiny lavender flowers, identical to the bride. The

maid of honor carried a smaller version of the bridal bouquet and the bridesmaids carried nosegays of pink and lavender.

David Coward of Refugio was best man. Groomsmen were Michael Jones of Hondo, brother of the groom, and Larry Albrecht of Kingsville.

A reception followed the ceremony at the home of the bride's parents. Lavendar

roses decorated the three-tier wedding cake which was topped with a bride and groom. Serving at the reception were Sue Albrecht of Kingsville and Sara Wood of Portland.

The bride wore a purple crushed velvet pantsuit as a going-away suit.

After a trip to Acapulco, the couple will be at home at the Walker Nix Addition in Portland.

## Shower compliments Barbara Ueckert

Miss Barbara Ueckert of Monahans, bride-elect of James Penland, was complimented Saturday evening, Dec. 4, with a miscellaneous shower in the Natalia Church of Christ basement.

The honoree chose to wear a red double-knit A-line dress. She and her future mother-in-law, Mrs. B. L. Penland, were each presented a white carnation corsage.

Miss Carolyn Chant assisted at the gift table. The serving table was covered with a Christmas tablecloth centered with an arrangement of white poinsettias.

The cake, a white oblong confection, was decorated with wedding bells and two white doves with white ribbon streamers suspended from their beaks. Mrs. Wayne

Barber and Mrs. Dan Pitts served the cake and green sherbet punch.

Hostesses were the women of the church.

## Order of Martha to have Xmas party

St. Rose Household of the Order of Martha will have their Christmas party Tuesday evening, Dec. 21, at 7 o'clock in the home of Mrs. Alfred Rohrbach.

Co-hostesses will be Mrs. Marie Richter, Mrs. Ed Ney and Mrs. W. O. Rothe.

Members will bring toys for the empty stockings. All inactive members are urged to attend.

Mr. and Mrs. Stephen Lee Jones

## Two attend 4-H Council meeting

Lynda Howard, Girl Co-chairman and Virce Gilliam, Chairman of the Medina County 4-H Council, attended the District 13 4-H Council meeting in Uvalde Saturday, Dec. 11.

Representatives of County 4-H Councils and County Extension agents attended from Real, Kinney, Kerr, Dimmitt, Hays, Comal, Bexar, Maverick, LaSalle, Frio, U-

valde, Zavala, Atascosa, Edwards, Kendall and Val Verde Counties.

The delegates divided into three groups to discuss and make recommendations on District 4-H By-Laws, Council activities, committees, camp or lab. Officers will be elected and the District 13 4-H Council formally organized in March.

## LETTER TO SANTA

Hondo, Texas  
Dec. 6, 1971

Dear Santa Claus,

I am writing you these few lines just to tell you Hello. My name is Alamar Morin. I am a girl. I am ten years old. I am in the fifth grade and I like school very much.

Santa, will you please bring me a watch and some games.

I am a good girl so please, Santa, bring toys to my brothers and sisters.

I hope all the children have been good so they won't be disappointed.

Christmas is the best time of year for me because I see the most happiest faces and

that makes me happy, too.

Well bye for this year any way I'll be seeing you next year.

Assisting JOHN and PATSY (Ulrich) MELTON in their host duties at Hondo's new WHITETAIL LODGE is their almost 2-year old (on Jan. 2) son, JASON.

My recommendation would be that they assign him to the public relations chores for Jason has a friendly smile that should be equal to the solution of any problem.

\*\*\*

Remember when mistletoe in these parts used to be white-berried and ready to take over in the old tradition by the time Christmas rolled around? For the past several years it has not reached that perfection until much later.

I had a special request for some to be sent to New York and I had a time locating any. GEORGE DECKERT plucked some from a tree that, she confessed, grew in HARRY FILLEMAN's yard but it was too green. Then DONALD MUEN-NINK (Edna's Flower Shop) heard about my plight and went to his ranch where he found enough to fill the order all "for free", too. Meantime, I had calls from several friends who had tried to help. That's what I call rallying to the rescue!

\*\*\*

With only two more Saturdays left in 1971, it is not a bit too early to keep reminding ourselves that there are only 18 more Saturdays between us and our annual MUSEUM DAY celebration, set for Saturday, May 6, 1972.

This just must be the biggest and best Museum Day we've ever had because the Museum is off to a fine start but needs all the assistance it can get to keep growing and going.

Lt. Col. MAURICE WALLRATH (U.S. Army ret.), a D'Hanis native now living in Houston, has set a fine example of sharing that might encourage his fellow Medina Countians to follow this fine spirit of generosity and interest in this area's future.

A story in last week's ANVIL HERALD (page 2) listed some of the books Col. Wallrath gave to our Hondo Public Library which are now ready for circulation. On display at the library, also, are some items (more to follow) which will find a welcome place in our MEDINA COUNTY MUSEUM.

The Colonel's cousin, Mrs. V. R. CAMPBELL of San Antonio, is handling the gift details.

\*\*\*

GERTRUDE (Mrs. Barnitz) CARLE gave me a book which found just the right spot on my reference shelf. It is "The TEXANS, Their Land & History", by Allan O. KOWNSLAR.

The book is among the texts approved for use in Texas schools. Its subject matter is so well written and illustrated that it should challenge the interest of our young students of social studies.

History (before it received recognition as a social study) was rather dull routine in my grade school days. Dates had to be memorized ad infinitum, regardless of correlation. With my tendency to transpose figures, I made dubious progress even with rhymed "crutches" to help.

"Columbus sailed the ocean blue in 1492" was mighty apt to appear, at written examination time, as "Columbus sailed the deep blue sea in 1493"

\*\*\*

Worthy of inclusion in the "Out of the mouths of babes" category is this sage observation which Mrs. LOUIS CARLE of D'Hanis shared with me.

Her 2-year old grandson, MICHAEL ANTHONY, recently attended his first movie, accompanied by his parents, LAWRENCE and MELVERA CARLE. As the picture appeared Mike gasped, "My, they sure have a big TV, don't they?"

# County increases retirement

County Commissioners resolved the manner in which the recent retirement percentage increase to all County employees and officials will be handled.

Court increased the retirement rate from four percent to six percent and voted for the County to assume payment of the entire amount by increasing each person's pay by the amount the new rate will cost.

# FFA members receive Degree

At the regular meeting of the Hondo FFA Chapter Monday, Dec. 13, 31 Greenhands were raised to Chapter Farmer.

The meeting was called to order at 7:30 p.m. by President Wayne Stein. All officers were at their stations. The minutes of the previous meeting were read and approved. The treasurer gave his report and stated the balance to date.

The ceremony for raising Greenhands to the degree of Chapter Farmer took place. To become a Chapter Farmer a student must be enrolled in vocational agriculture for two years and make \$50 on productive projects.

Members qualifying to become Chapter Farmers are Raymond Clark, Bobby Tschirhart, Allen Martin, Billy Bryant, Clyde Oeffinger, Louis Schmidt, Armando Frausto, Pat Stein, Steve Hannemann, Russel Guinn, David Wharton, Ronnie Mangold and Greg Saathoff.

Also, Ted Mendoza, Gene McAnelly, Tim Hardt, Mitch Pope, Andy Aelvoet, Glenn Sturm, Gary Saathoff, Gordy Bohmfalk, Bill Bendele, Weldon Honig, Henry Flory,

Louis Aguilar, Agrinaldo Aguilar, John Perez, Joe Villa, August Schuelling, Lane Graham and Jimmy Mumme. --Kenny Weynand --Reporter.

# County pays dues

Payment of \$150 was made Monday by the Medina County Commissioners Court for back dues of the Canyon Wolf Club so that the State books could be cleared on this account.

This marks the final payment of the Club since it is now defunct, thanks to a lack of interest by area farmers and ranchers.

The County has been paying \$175 per month as its share in predator control for the past several months. Prior to that the payment was \$150 per month.

The Club was responsible for \$75 per month and this came from contributions by stock owners. Harry Fille-

man maintained the funds at the Chamber of Commerce office, and in the past few months has issued several appeals for more contributions. But they did not come in and the Club failed.

"Since this amount is owed the State," said Judge Jerome Decker, "I recommend the Court pay it as a final payment."

Hereafter, the County will join the State in trying to control predator animals through the use of poisoned horse meat.

# Dolph Briscoe leads in newspaper polls

UVALDE, TEXAS--Two newspaper polls taken in far North Texas and deep East Texas have resulted in placing the name of Dolph Briscoe far ahead of competition, both announced and unannounced. Briscoe was the 3 to 1 favorite over a combination of Ben Barnes, Preston Smith and Ralph Yarborough, in Denton County.

That poll, taken by the Denton County Enterprise, was one in which folks had to send their responses back by mail, usually a hard way to receive results. Also in that county folks not only wanted their names used, but directed many caustic remarks against Briscoe's political foes. All of this despite the fact that Denton County at

ed: "The poll shows Dolph Briscoe running head and shoulders above three other potential gubernatorial candidates."

Briscoe was not only the top choice in question one as to which candidate among the four announced or unannounced men, but also far ahead of Barnes in question two.

Briscoe opened his campaign when he announced for Governor on September 29, in an Austin press conference. Since that time he has crisscrossed the State almost daily to meet the men and women he hopes will not only support him but will be helpful in setting up the needed county and area campaign headquarters.

Briscoe ran fourth in the race for Governor in 1968. He started late in a field of 10 men and women. When the votes were counted he lacked 11% of having enough votes to be tops in the runoff.

this time has no organized Briscoe for Governor movement. This would appear to be simply a grass-roots support for the Uvalde businessman-rancher.

The poll taken by the Longview News Journal covered eight East Texas counties including Bowie, Cass, Gregg, Harrison, Henderson, Panola, Rusk and Shelby. The first question was simple, "Who do you favor for Governor in 1972?" and the second more direct, "Between Briscoe and Barnes - who is your choice?"

Results were overwhelmingly in favor of Briscoe. The Longview News Journal stat-

# Alfred Wiemers honored by Soil Conservation District

On December 6 at the Annual Hondo Chamber of Commerce banquet, Alfred Wiemers was honored with a plaque by the Medina Valley Soil and Water Conservation District for being selected the

Outstanding Conservation farmer or rancher. The selection is made from all the farmers and ranchers within the Medina County, by the director of the Medina Valley District. This is not an

easy task much thought and consideration goes into making this selection.

The director represents five separate areas of the county and you might be interested in knowing who they are: Harlan Wolff, Chairman; Clarence P. Wurzbach, vice-chairman; Lloyd Hardt, secretary-treasurer; Frank Silvey and Franklin Muenink, members.

Let me give you a quick run down on some of the things that he has done to earn this honor.

First, he owns and operates 1,028 acres of which 270 acres is in cropland, 120 acres in Coastal Bermuda-grass, 633 acres in rangeland and 5 acres in headquarters. On the rangeland, Wiemers has rooftoped and established to blue panic grass 120 acres. This brush work was done in strips to benefit wildlife.

Two farm ponds have been constructed and both stocked with bass, channel catfish and sunfish. Two diversion terraces have been built to increase the drainage area of the ponds and also protect cropland from outside water.

One is 1,700' long; the other 1,970'. Grazing is rotated between the separate pastures allowing each to have the necessary rest to keep a vigorous cover of grass. The management of his grass is one thing that makes Alfred outstanding. He never uses or grazes more than half of the annual production.

The Coastal is never grazed closer than six inches, which leaves good cover on the soil for erosion control. In 1965, Wiemers built and established to Coastal a two and waterway. This waterway carries excess water through a field to a safe outlet.

The cropland is planted to a high residue producing crop each year, such as grain sorghum, forage sorghums, small grain and corn. The residue from these crops remains on the surface of the land for soil protection from erosion when no crops are being grown. This is one of the small things of managing crop residue properly that will prevent erosion when excessive wind and rain comes. Of the 1,028 acres that Wiemes owns and operates it is all adequately treated to maintain its productivity and eliminate any excessive erosion. For these achievements, the District Director selected Wiemes as the Outstanding Conservation Farmer-Rancher of the District for 1971.

## Museum delegation meets with Court

A delegation representing the Medina County Museum met Monday afternoon with the Commissioners Court.

Headed by President John Wentz the group consisted of directors who were Frank Graff, Tony Mendoza, Mrs. Oswald Sauer of LaCoste, Mrs. Olen Haby of Rio Medina and Douglas Bohmfalk.

Purpose of the group was to brief the Commissioners on the history of the Museum and its operation at the present time, with the expressed hopes that the Court could see its way clear to provide some financial help.

## Empty Stocking fund shy

Miss Mary Ruth Cameron acknowledges contributions to the Empty Stocking Fund from Mr. and Mrs. Burnis K. Lawrence, Mr. and Mrs. Lloyd C. Witte, St. Paul's ALCW, Hondo HD Club, Frank W. Rothe.

Also, from Mrs. Erna Martin, Mrs. Edna L. Nester, Mr. and Mrs. A. C. Gilliam, Iota Upsilon Sorority, the Harold Hartmans, Mrs. Joe Wood and the James Jordans.

Other donations came from Borden Distributing Company, Claude Schuehle, Mr. and Mrs. Richard Adams and Mr. and Mrs. Walter A. Breidenbach, former Hondoans, now of Kingsville.

Miss Cameron is now at home after a stay in the hospital and is directing the Empty Stocking program "with the capable assistance of Santa's willing workers", she reported.

Plans call for the distribution of Christmas boxes to area families on ES list on Wednesday, Dec. 22.

"We appreciate the response to our appeal for our needy families," said Miss Cameron. "Of course, we can use more funds to complete the boxes and are always hopeful that we can make this happy season happier for us all by sharing."

## Let's not malign Liberty!

LIBERTY, IT HAS BEEN SAID, is the right to do what the laws allow. Liberty is not, as some present-day protesters seem to think, the right to overrun the rights of others, and the law does not allow it.

The sentiment appears to be growing among some people that a person has a right to break the law if he is motivated by so-called political or moral issues. Further, some groups insist on the privilege of violating the rights of others while expressing their dissent in such wild schemes as trying to "shut down the Government." They are visionary rich and judgment poor.

Indeed, with respect to the Mayday demonstrations in the Nation's capital, the most neutral and objective observers must have felt that some influential components of our society, judging from their reactions, were sympathetic to the rebelling hordes who vowed "to bring the Government to a halt."

As elementary as it may seem, commonsense and public morality are necessary parts of lib-

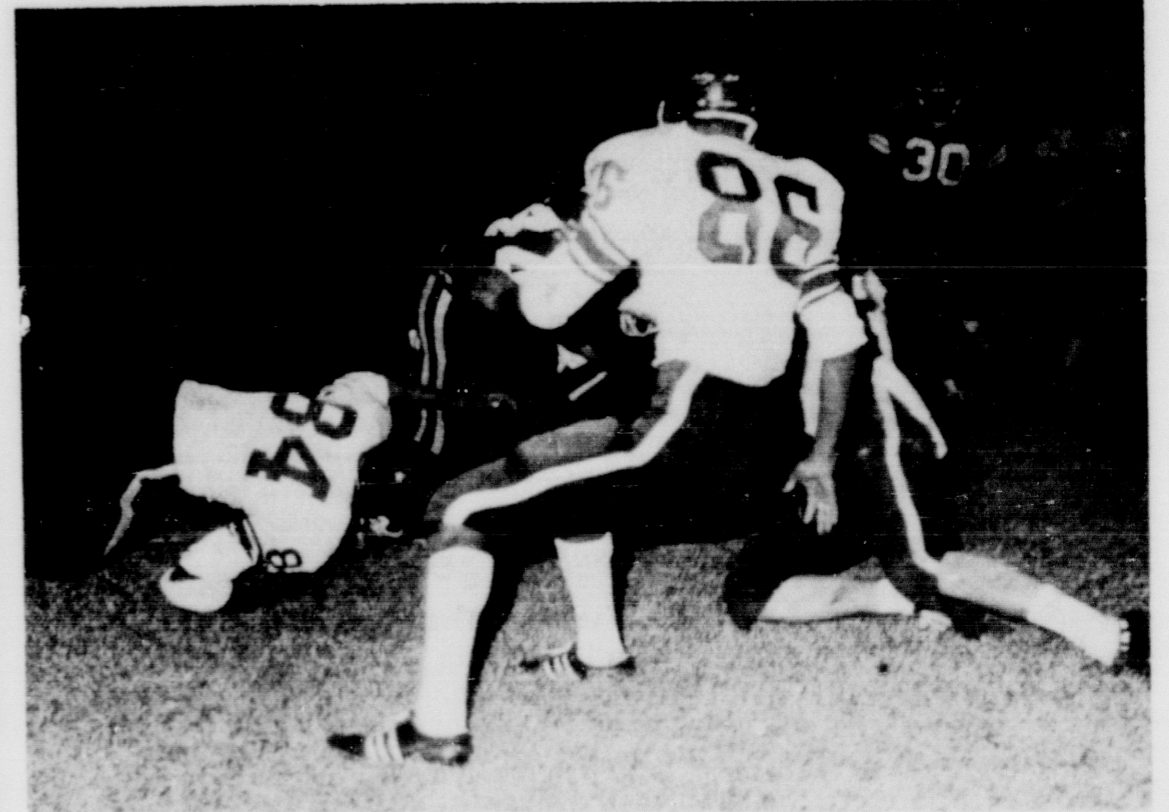

erty under the law. In the recent past, we have seen some ridiculous incidents in the name of rights, liberty, and freedom which were completely devoid of commonsense and morality. In fact, many such events were staged as if to perpetuate degradation and depravity rather than anything so uplifting and noble as rights and freedoms. Also, to my mind, we are right to question the sincerity of petitioners, regardless of their cause, who haul down the Nation's flag and destroy and burn government property.

Citizens taking to the streets to air their grievances should remember that they are exercising a most cherished right under the system of law. Their presence, however restrained and controlled, creates some degree of inconvenience and hardship for others, not to mention the costs involved which must be borne by the local and/or Federal Governments. These conditions are understandable. However, when demonstrators deliberately defy authority and violate the rights of others, let them know that the same system of law which willingly grants the opportunity to be heard will quickly and effectively curb their excesses. Liberty without law is a myth.

## Wins state championship

Miss Mary Clara Meyer, riding her jumper Good News, won the Texas Amateur Owner Jumper Championship last week after competing in various horse shows throughout the state. She is the daughter of Mr. and Mrs. Hugh H. Meyer of Hondo. Miss Meyer was champion in her division of the following horse shows: the Alzar Shrine Charity Horse Show in San Antonio, the San Antonio Hunter and Jumper Charity Show, Gillespie County Horse Show, Fredericksburg, Alamo Pony Club Horse Show, San Antonio; Waco Symphony Women's Council Hunter and Jumper Show; and the Christmas Horse Show sponsored by the Modern Pentathlon of San Antonio. Other shows in which Miss Meyer has participated are the Dallas Cha-

rity Horse Show; Parish Stables Fall Hunter and Jumper Show, Houston; Austin Horse Show and Organization Horse Show; and the Artillery Hunt Horse Show, Ft. Sill, Okla. Mary Clara, affectionally known as "Tootie", will attend the Awards dinner of the Texas Hunter Jumper Association in San Antonio in February 1972 where she will receive her championship trophy. She will be accompanied by her parents and brother, Henry Meyer. Miss Meyer started riding when she was 10 years old. She is presently attending Southwest Texas Junior College in Uvalde and plans to enroll at the University of Texas in January, majoring in Home Economics, specializing in interior design.

## Basketball gets late start here

A difficult switch is underway at Hondo High School as a great football season becomes a memory and a basketball season becomes a reality.

Coach Dah Keath faces a tough test in getting his charges into shape to begin District 28-AA play on December 30 in Cotulla.

He will be able to get only two games into the experience hopper prior to meeting the Cowboys in "for real" competition.

Due to the extended football season, Keath had to cancel two tournaments and four or five games.

"But with four days workouts we will host Bandera in Hondo Friday night," he said Tuesday afternoon. The B-Team game gets underway at 6:30 p.m. and the varsity tilt will follow.

Coach Keath has six returning lettermen around which to build his team. These include: Eric Grant, Lonnie Knowles, Tom Hill, Keith Ligon, James Batteau and Gordon Wiemers.

Others who have played and are out are Johnny Abrego, Ray Ybarra, Robert Blackshear and a transfer Pat Weems.

Coach Keath is entering his fifth year as head basketball coach and marks a District championship in 1969 as a highlight of that period.

## Owls place 12 on 1971 All-District

Gordon Wiemers, the Owls' two-way stalwart of the line, was the only Hondo player to be named to the first team District 28-AA District team on both offense and defense.

Wiemers joined six other Owls on the first team named by district coaches. Four Owls were named on offense, while three made the defensive units.

Also named offensive All-District were Kurt Leinweber, center; Tom Hill, quarterback; and Keith Ligon, back. Defensive first teamers al-

so included John Howard, linebacker, and Lonnie Knowles, defensive back.

Five Owls made the second team All District, one on offense and four on defense.

Eric Grant made second team on both defense and offense as an offensive end and defensive back. Others were Joe Schueling and James Batteau, linemen; Mark Buescher, linebacker.

### FIRST TEAM

OFFENSE--Center - Kurt Leinweber, Hondo.

Linemen--Carl Warnke, Medina Valley; Nick Constantino, Southwest; Gordon Wiemers, Hondo; Ely Hernandez, Devine.

Ends--Alan Lawler, Pearsall; Robert Handley, Devine.

## Extension courses announced

On Monday evening, January 10, 7 p.m. at Pearsall Intermediate School Library, a class organization meeting will be held for extension courses from Southwest Texas State University.

It is highly important that all persons who are interested in an extension class attend the meeting. Please make plans now. If there are any questions, please contact Jerry Doyle in Pearsall before the Christmas holidays.

## Country Squares plan Xmas party

The Country Squares of Hondo will be having their Christmas party Dec. 18 at the Square Dance Club at 6 p.m. All members plus the present Square Dance Class, are encouraged to attend.

There will be fun and frolics for all with refreshments after the dance.

Plan to attend and have a fun-filled evening with your friends from our area.

## Astros schedule home tilts

Houston's Astros will conclude their 1972 exhibition season with four games against the Minnesota Twins in the Astrodome beginning Friday, March 31, General Manager Spec Richardson has announced.

The Astros will play the Twins in 7:30 p.m. games Friday, March 31, Saturday, April 1 and Monday, April 3. On Sunday, April 2, the Twins and Astros will meet at 2 p.m.

Houston will play 19 straight games in Florida beginning on Saturday, March

11, against Minnesota in Cocoa. The Astros will end their Florida schedule on Wednesday, March 29, then take the day off Thursday, March 30, before coming to Houston.

The Astros will meet the Twins of the American League West division eight times in exhibition play. Last season the Astros played five exhibition games in the Astrodome. Houston played Baltimore three games (winning one) and the New York Yankees twice (splitting).

ERIC GRANT AND THE BALL ... get together for lone Owl TD

## Cougars end Owl hopes with 30-7 playoff win

A crushing ground game featuring both weight and speed proved the big difference Friday night as the experienced Rosebud-Lott Cougars thumped Hondo 30-7 in a semi-finals tilt in Seguin. Led by Quarterback Kenneth Coulter and halfbacks Kevin Scott and Jim Brooks, the Cougars kept a devastating machine purring all night, grinding out some 302 yards on land and 98 through the air.

Hondo made a battle of it until mid-way in the fourth quarter, and trailed only 15-7, when a near interception by Tom Hill deflected into the hands of Brooks, who scampered 35 yards for the TD that wrapped up the opportunity for the Cougars to meet Jacksboro in Waco Friday night for the State title.

The Owls' lone tally came with 45 seconds remaining in the second quarter and Hondo trailing 7-0. Hill rifled a pass to Eric Grant who grabbed it in over his shoulders and outraced the defending Cougar to the goal line. Hill kicked the extra point.

Rosebud's first two touchdowns came on sustained drives of 78 and 76 yards. In the first quarter they mounted a 78-yard drive to go ahead 7-0. And on their first possession of the second half they went ahead to stay after marching 76 yards on crunching line smashes and blasting end sweeps. They missed the try for two points

and the score stood at 13-7. A few minutes later, the hard-fighting Owls made a valiant stand at the goal line and caused a fumble at the one. On the first play Ligon went on an end sweep and was caught behind the goal line for a safety. This was near the end of the third quarter.

Rosebud scored again midway in the fourth frame when Hill attempted the interception and had the ball bounce off his hands into the waiting arms of Brooks who went on to score.

The Cougars scored their final tally after they took possession on their own 18. Hondo gambled on a fourth down and Hill completed a

long pass to Terry Mechler only to have it nullified by a holding penalty. They then gave up the ball on downs and Rosebud's Scott scored on the third play, with 4:42 remaining.

The Cougars' awesome defense, featuring a 198 average weight from tackle to tackle, bottled up the fighting Owls all night. They stopped Kebo Ligon with 40 yards and swarmed Tom Hill all night.

Unofficial statistics read (Hondo first): First Downs--7-27; Yards Rushing--70-302; Yards Passing--86-98; Return Yardage--13-24; Passes--5-13-1, 5-8-0; Punts--6-39, 0, 4-34, 0; Fumbles Lost--0-1; Yards Penalized--2-20, 4-55.

## Natalia & Chacon Lake news

By Mrs. L.W. Thompson

Bobby Bradshaw, who had served three years in the U.S. Navy, was recently discharged and came Saturday night for a visit with his grandparents, Mr. and Mrs. E. H. Whittington, en route to Fla. to visit his mother.

The Whittingtons had as their guests Sunday, their grandson and family, Mr. and Mrs. James Arthur Stuart, Al and Phillip from Burnett. Mr. Stuart was a guest at the Natalia Baptist Church Sunday morning.

Clinton Dunn, who had been a patient in Bexar County Hospital for treatment, was released to convalesce at his home Monday.

Mr. and Mrs. Richard Jordan, Michael and Bryan from SA were out Sunday for the afternoon with her mother, Mrs. Genevieve Day.

Miss Gloria Gay Armke had as her weekend houseguests, Miss Janice Lamm from Lytle, Debbie Walker and Gloria Hickman.

## Natalia 4-H meets

The Natalia 4-H Club meeting was brought to order by Sherry Turner at 7:30 p. m. Tuesday, Nov. 23, at the school cafeteria.

The motto was given by Raymon Turner and the pledge was given by Billy Hartley. The club song was led by Debbie McDonald. Minutes were read by Sherry Turner and Glenn Bragg, County Agent, showed a film on horticulture.

Pat Eaves was program leader on citizenship. Business was discussed. New business was the Christmas party which was set for Tuesday, Dec. 21, after school at the school cafeteria. Gifts are not to cost over \$2.00. Refreshments were served by Mrs. Henry Elliott, Mrs. Bobbie Martin and Mrs. Marilyn Hildebrandt. --Walt Elliott --Reporter.

## Parents Stamp Out Drug Abuse With Facts

By Jerry Williamson  
Chief Of Police  
City of Hondo

Today's Subject: Know the Enemy

Professional boxers would never consider entering the ring with an opponent they knew nothing about. Prior to a fight, they study films of past fights the other boxer has had... every move... every attack, every method he uses in his battle tactics are carefully considered. Parents should realize that the battle against drug abuse for THEIR children must start early in life and it MUST start in the home! Therefore, parents must know everything about the enemy!

Part of the picture on drug abuse and how it spreads will be better understood if we all know something about the ADDICT. The average addict is infantile in his personality development. He is self-centered, lacks self-esteem and is easily depressed by reality. Narcotics, particularly heroin, give him a feeling of immediate gratification, displacing his frustration at failing to cope with the problems of everyday life. His outward facade of toughness is easily penetrated when he is not with his fellow junkies and he reveals a loneliness and a strong sense of dependency.

He is hostile and suspicious of those whom he considers part of the legitimate world. To him, they are "squares" and he bolsters his ego by pretending that he is smarter and better off in his little world than those in the community around him.

Now a great public health problem, addiction is a contagious disease, in a sense. The narcotic abuser has a need for companionship. He seeks to entice into the fold his friends, and he recruits others to his way of life. As deadly as a tuberculosis carrier, he infects his family and his close friends because of this need for companionship.

The initial contact with narcotics usually occurs very early in life. The average heroin addict starts his use of narcotics by smoking marijuana for "kicks", then perhaps has an occasional injection of heroin from simple curiosity or from fear of being called "chicken" by his so-called friends.

At this point he boasts that he can quit at any time, that "he can handle it." It is very tragic that soon he has developed a tolerance and must increase his dosage to gain the desired results. He becomes more and more dependent upon its effects, and now it becomes his only source of gratification in living.

This is the kind of person that may some day be trying to influence YOUR child. Knowledge of the facts will place your child in a position of superiority in such a situation... and, hopefully, keep him from the dangers of drug experimentation!

Next week, more on drugs, their misuse and abuse! Be with me at that time, won't you?

# "OH, DEER!"

When all the hunter's talk is explained away, Cactus Pryor admits that he's really a conformist! A member of the deer hunting establishment! In a Texas Star feature, Sunday, December 19, Cactus will amuse you with stories of past deer hunts... advice on cleaning and cooking venison... and his defense of the hunter's right to man the deer blinds. Sunday's issue also highlights the Christmas season with Star Comments on O. Henry's "The Gift of the Magi", holiday recipes by Mary Faulk Kooch, and "Christmas in the Confederacy". All this and much more in...

Medina County  
Agricultural Agent

Three screwworm cases were confirmed in Medina County the last two weeks in October. The three cases were confirmed in the North-western party of the county, one on the Valdivia Ranch, one on the Kelley Ranch and one on the Bonnard Rothie

## County Agents notes

Ranch. Mission officials have not spotted this area with extra numbers of steril flies.

Producers are reminded to check livestock closely and send worm samples to Mission Laboratory for positive identification. Producers should also delay any animal surgery until after frost if possible.

Conditions are ideal for screwworm outbreaks with moist conditions and lush grass growth. The screw-worm threat will continue until after the first frost.

Clinics  
Livestock producers in Medina County who are in-

terested in actual in-depth field training in artificial insemination and pregnancy determination are invited to register now for one of the seven clinics being sponsored by the Texas Agricultural Extension Service and the American Breeders Association.

The clinics are scheduled as follows: San Angelo, November 9-12; Athens, Nov. 15-18; Sealy, Nov. 15-18; Mercedes, Dec. 13-16; Waco, March 13-16, 1972; Tyler, April 17-20; and Brenham, June 12-15.

Registration for the AI course is \$125 while the training in pregnancy determination is an additional

\$100. Additional information is available in the County Extension Office.  
Insect Control

Do you have an insect problem in your home? Then take action against these unwanted pests. Some of the most troublesome pests are earwigs, crickets, pillbugs and certain cockroaches.

Insecticides should be used only to control these insects and not as a preventative measure because of the possibility of an adverse effect on the environment.

A chloradane or diazinon spray applied to the outside foundation of your home will

keep out most of these unwanted invaders. To control pests inside the home, use an approved commercial household formulation of insecticide.

Spraying is the best method of killing the pests. Treat the outside walls and foundation from the window sill to the soil and about five to six inches of soil next to the foundation. Be sure to give cracks and crevices extra attention.

A new Extension Publication L-311 "Texas Guide for Controlling Household Insects" is available in the County Extension Office.

### Windows Enhance Beauty of Home

By Barbara Fowler  
Medina County Home  
Demonstration Agent

#### ENHANCE BEAUTY OF HOME

Windows are important to the beauty and comfort of your home. They were likely planned to take advantage of light, ventilation and view.

When selecting a window treatment, consider how the window must function, the decorative effect and the amount of money to be spent. Create harmony with color, line, pattern and texture. Establish good proportion and select suitable hardware.

Window treatments include glass curtains, draw or side draperies, blinds of metal, wood, bamboo and other materials, shades and shutters. To determine which one, or what combination to use, decide which can best regulate light, control air, veil or frame a view, provide privacy and unify a color scheme.

Windows are a part of the wall and should form a decorative and harmonious background for other room furnishings. When seen from the outside, window treatments

should be simple and related in color and design to the exterior design of the house.

Careful planning is required to establish harmony of window treatment with walls, floors and furnishings. Color, texture, lines and shapes should be in keeping with the character of the room or area.

Window treatments play an important part in the color scheme of a room because of the large area they cover. It

#### WITHHOLDING TAX MANDATORY FOR HELP

Household workers have been covered by the Social Security Act since 1951, according to Roy L. Swift, social security district manager. A domestic worker's cash wages for work in a private household are covered by the law if they amount to \$50 or more from one employer in a three-month quarter.

Many situations have arisen where domestic employees have not been reported and the most common reason given by non-reporting employers has been that their domestic employees had re-

may be desirable to repeat the main color in the room. Keeping the window treatment the same color as the walls helps give a more spacious appearance.

Interested in knowing more about window treatments? Contact Mrs. Barbara Fowler, County Home Demonstration Agent for information on obtaining colorful idea booklets and do-it-yourself instructions.

quested that the social security tax not be withheld from their pay. If the reporting requirements are met for domestic employees, reporting on a quarterly basis is mandatory.

If you employ a household worker who will come under the law and you are not receiving the forms necessary to make the quarterly reports, contact your social security representative when he is in your area.

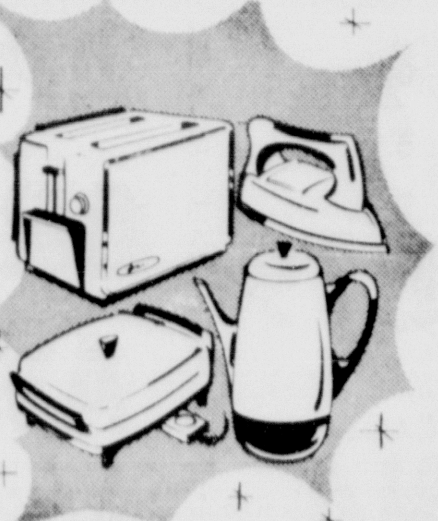

Your representative will be in Hondo at the City Hall at 8:45 a.m. Monday.
